Dear Sir/Madam,

Re: Non-Material Amendment to Planning Permission 12/01190/HCS; amendments to the building width and roof structure due to the close proximity of existing high voltage underground electricity cables at Old Park Wood Industrial Estate, Old Park Road, Bishops Sutton SO24 0JG

I am writing to you in regard of your application for a Non-Material Amendment dated 20 November 2012 in respect of the above proposal.

Your application has been considered in accordance with Section 96A of the Town and Country Planning Act. This requires that in making a decision on whether a proposal constitutes a Non-Material Amendment, the County Council as Waste Planning Authority should have regard to the effect of the change, together with any previous changes made under this section, on the planning permission as originally granted.

Your application (our ref. no. **NMA/2012/0414**) is set out in the application form dated 20 November 2012 and the plans/drawings numbered 835-02 Rev A. This application requests the following amendments to the original permission:

to amend the building width and roof structure due to the close proximity of existing high voltage underground electricity cables.

There are no objections to the amendment(s) which may be construed as complying with the original planning permission. Accordingly I can confirm that your proposed amendments (ref. no **NMA/2012/0414**) are hereby approved. This letter and the referenced plans, drawings and application should be kept and read alongside you previously issued Decision Notice to original application ref.

Director of Economy, Transport and Environment
Stuart Jarvis BSc DipTP FCIHT MRTPI

Please be advised that this letter does not convey any additional approval which may be required under other legislative regimes (e.g. Building Regulations or Environmental Permitting).

Yours faithfully

Stuart Jarvis
Directorate of Economy, Transport & Environment
