Herewith the comments from Denmead Parish Council on the application relating to the new two form entry primary school for the northern side of the West of Waterlooville MDA..

The Parish Council of Denmead raised NO OBJECTION to this proposal but would wish consideration be given to the following matters: (a) A safe passage by foot should be established from the Taylor Wimpey development through to the school to provide a safe alternative to vehicle usage prior to the school being opened. (b) Some of the space within the school should be considered for a Pre-school until the site allocated in the 'Urban Centre' has been built. (c) Protect the integrity of the design of the school as shown within the application as the Parish Council sees no opportunity to extend it as has been suggested in other meetings.

Regards

Kelvin
