**Date:** 13 February 2013

Dear Sir/Madam

**ERECTION OF A CONCRETE BATCHING PLANT IN A DIFFERENT LOCATION TO THAT APPROVED UNDER PLANNING PERMISSION S/10/66620**

**BARDON AGGREGATES, TOWER INDUSTRIAL, EASTLEIGH HAMPSHIRE SO50 6NZ**

Thank you for consulting the Environment Agency on the above planning application which we received on 29 January 2013.

**Environment Agency Position**
The Environment Agency has no objection to the proposed development as submitted with regards to our planning remit.

**Environmental Permit**
Please note that this development may require an Environmental Permit or an exemption from an Environmental Permit from the Environment Agency. The applicant must ensure that the operations at the site are in accordance with the Environmental Permitting Regulations 2008. The applicant is advised to contact the National Customer Contact Centre (NCCC) on 03708 506 506 or information can be found through the following link:

http://www.environment-agency.gov.uk/business/topics/permitting/32330.aspx

Under the Environmental Permitting (England and Wales) Regulations 2010 the operator of a waste site will require an environmental permit for the importation, storage and treatment of waste.

The need for an environmental permit is separate to the need for planning permission. The granting of planning permission does not necessarily lead to the granting of an environmental permit.

Yours faithfully

**Mr Jon Maskell**
**Senior Planning Advisor**
