Dear Sir/Madam

EXPANSION OF EXISTING LIQUID WASTE TREATMENT FACILITY TO INCLUDE ERECTION OF 4NO. VERTICAL WASTE STORAGE TANKS WITHIN NEW CONCRETE BUNDED AREA & 2NO. RECTANGULAR SELF-BUNDED HORIZONTAL OIL STORAGE TANKS WITH ASSOCIATED PIPE WORK & GANTRY, FOLLOWING DEMOLITION OF EXISTING STORE BUILDING & TEMPORARY LAB/OFFICE BUILDING

CSG BOTLEY TREATMENT PLANT, WOODHOUSE LANE, BOTLEY, SO30 2GD

Thank you for consulting the Environment Agency on the above application which we received on 29 August 2012.

Environment Agency Position
We can confirm that the Environment Agency has no objection to the proposed development as submitted in terms of our planning remit.

Environmental Permit
Please note that this development may require an Environmental Permit or an exemption from an Environmental Permit from the Environment Agency. The applicant must ensure that the operations at the site are in accordance with the Environmental Permitting Regulations 2008. The applicant is advised to contact the National Customer Contact Centre (NCCC) on 03708 506 506 or information can be found through the following link:

http://www.environment-agency.gov.uk/business/topics/permitting/32330.aspx

Under the Environmental Permitting (England and Wales) Regulations 2010 the operator of a waste site will require an environmental permit for the importation, storage and treatment of waste.

The need for an environmental permit is separate to the need for planning permission. The granting of planning permission does not necessarily lead to the granting of an environmental permit.

If you have any queries regarding the information set out above please contact me on the number below.

Yours faithfully

Mr Jon Maskell
Senior Planning Advisor
Environment Agency
