Hampshire County Council

TOWN & COUNTRY PLANNING (ENVIRONMENTAL IMPACT ASSESSMENT) REGULATIONS 2011

'SCREENING OPINION' (REG: 5 &7)

Proposal **Variation of condition 9 (Site Layout) and 10 (to allow crushing and screening) of planning permission BDB/75626**
at: **Manor Farm, Monk Sherborne, Tadley RG26 5HW**

County Council Ref: BDB/77747 **Received** 21 February 2013

Refer to footnote before assessing proposal

Is the development listed in Schedule 1? **No**

Is the development listed in Schedule 2? **Yes**

Other projects

11.
(b)Installations for the disposal of waste (unless included in Schedule 1);
(i)The disposal is by incineration; or
(ii)the area of the development exceeds 0.5 hectare; or
(iii)the installation is to be sited within 100 metres of any controlled waters.

13
(b). Any change to or extension of development of a description listed in paragraphs 1 to 12 of column 1 of this table, where that development is already authorised, executed or in the process of being executed.

Either –

- **(i) The development as changed or extended may have significant adverse effects on the environment; or**
- **(ii) In relation to development of a description mentioned in column 1 of this table, the thresholds and criteria in the corresponding part of column 2 of this table applied to the change of extension are met or exceeded.**

Is the development likely to have significant effects on the environment?

The proposal is for a variation of condition 9 (Site layout) and 10 (to allow crushing and screening) of planning permission BDB/75626 and Manor Farm, Monk Sherborne, Tadley. The site is not located within a sensitive area as defined under section (f) of the Town and Country Planning (Environmental Impact Assessment) Regulations 2011, is not within 100m of any controlled waters nor does the proposal involve the disposal of waste by incineration. The proposal does not seek to modify the amount or types of waste material imported to the

site from that originally approved. Therefore the proposal is considered unlikely to give rise to significant environmental effects.

The proposed development **is not** an **EIA development** under the ***Town & Country Planning (Environmental Impact Assessment) Regulations 2011*** as no change to the amount or types of waste material is proposed and consequently, the proposal is not anticipated to have any significant impacts or environmental effects as to trigger the requirement for an EIA.

Director of Economy, Transport & Environment
Date 10 April, 2013

Note: An EIA development must ***either****:* *be within Schedule 1* ***or****;* *be within Schedule 2 within a 'sensitive area'* ***and/or*** *above thresholds/criteria* ***and/or*** *'likely to have significant environmental effects'.*
