II.1.5) Short description of the contract or purchase(s)

Hampshire County Council invites applications from suitably experienced organisations who wish to be considered for selection to tender for the supply of Next generation of the Modular Framework covering the South of England (SE, SE, London). The framework will be open to other participation authorities. It will offer an alternative to traditional build accommodation, providing a range of modular building solutions designed to cover most temporary, semi-permanent and permanent accommodation requirements.

The Framework will commence on or around 15.6.2016 and will be for a period of 48 months.

Interested parties should register their interest in the project via the In-Tend website <https://in-tendhost.co.uk/hampshire>, and complete and submit the Pre-Qualification Questionnaires together with all of the supporting information requested by 14:00 hrs on 23.11.2015

How to obtain the PQQ documents.

The Pre-Qualification Questionnaire can be accessed when logged into In-Tend by selecting 'View Details' on the relevant tender advert and clicking the 'Express Interest' tab. Once in the tender there are five tabs — 'Tender', 'PQQ-documents', 'Correspondence', 'Clarifications' & 'History'. Select the 2nd tab (PQQ-documents) where you will find useful information under 'Tender Details' continue to scroll down to the heading 'Tender Documents Received' where you will be able to view / download the documents.

Opting In and Opting Out.

Please note you are required to 'Opt In' before you can access the 'My tender Return' to start populating your response.

The 'Opt Out' functionality will also be available throughout the duration of the tender process. Opting out will give you the option of declaring you no longer want to receive any further communication in relation to the this tender along with the opportunity of providing comments and feedback for this decision.

You can choose to 'Opt In' at any time during the tender process if you initially decided to 'Opt Out'.

Further Guidance.

In addition, guidance on how to participate in a tender — download and upload documents / returns and if required, register your company (free of charge), can be found on the In-tend site under the 'Help' or 'Information for Suppliers' buttons.

It is intended to issue successful applicants with tender documents in January/February 2016. The deadline for submission of tender responses will be March 2016.

Receiving Notification Emails.

To ensure you receive email alerts and notifications from our system, please add the email domain '@in-tend.co.uk' to your Safe Senders list.

Information about lots

Lot No: 1

Lot title: Standard classroom sized modular buildings: Short to medium term

1) **Short description**

Mandatory requirements.

Standard classroom sized units; single and/or double classroom units with and/or without toilets and lobbies.

The options required are as follows:

1. Purchase.
2. Hire.
3. Initial hire with option of later out right purchase.

Design, manufacture and install on site standard classroom sized modular building unit with and/or without toilets and lobbies, constructed in bays / units / increments to allow dismantling and re-erection elsewhere, built to current Building Regulations with Type approval, inclusive of foundations, external works, services connections; maintenance services of hired units including urgent reactive works; obtain planning approval where required.

Capacity to manufacture a minimum of 50 modular classroom sized units per annum.

The geographical coverage for Lot 1 is to include the whole of South East England (including the Isle of Wight), South West England, and London.

Suppliers must be able to provide ALL the requirements as described above.

2) **Common procurement vocabulary (CPV)**

44211100

3) **Quantity or scope**

In this lot, the modular building(s) to be provided as part of the Works will typically be:

- Single and double classroom sized units, with and without toilets and lobbies.
- Building Regulations compliant.
- Constructed off site, delivered to and erected on site.
- Demountable to allow redeployment / ease of removal.
- Deployed to a site for short / medium term which may be for a term of a few months up to several years.
- Purchased and/or hired.

It is the intention that the supplier will offer their own standard product which complies with current and future education standards and requirements (i.e. classroom accommodation) and/or any related statutory requirements or recognised good practice standards (non classroom accommodation).

Typically units in this sector would be deployed in the following circumstances:

- Emergency work — e.g. to provide temporary accommodation after a flood.
- To provide decanting accommodation whilst major works take place.
- Provision of accommodation for schools to deal with short and longer term population increases — often as an interim measure pending extension of a school.
- The Modular buildings would then be removed on completion of the other works.

Estimated value excluding VAT:

Range: between 100 000 and 100 000 000 GBP

4) **Indication about different date for duration of contract or starting/completion**

5) **Additional information about lots**

Suppliers may apply for all lots or 1 single lot.

Lot 1 will be allocated a maximum of 8 suppliers.

Lot No: 2

Lot title: Bespoke modular buildings: Short to medium term.

1) **Short description**

Mandatory requirements.

Standard modular building units to provide a range of accommodation types designed to client's brief, typically science laboratories for schools, nursery schools — which may include kitchens, serveries etc., whole schools, community centres, studios, offices, temporary residential accommodation and waiting rooms etc.

The options required are as follows:

1. Purchase.
2. Hire.
3. Initial hire with option of later out right purchase.

Design, manufacture and install on site bespoke modular building to suit a variety of requirements, constructed in bays / units / increments to allow dismantling and re-erection elsewhere, built to current Building Regulations with Type approval, inclusive of foundations, external works, services connections; maintenance services of hired units including urgent reactive works; obtain planning approval where required.

The geographical coverage for Lot 2 is to include the whole of South East England (including the Isle of Wight), South West England, and London.

Suppliers must be able to provide ALL the requirements as described above.

2) **Common procurement vocabulary (CPV)**

44211100

3) **Quantity or scope**

In this lot, the modular building(s) to be provided as part of the Works will typically be:

- Bespoke buildings of similar form of construction to Lot 1 as required to provide a range of accommodation types and designed to Client's brief.
- Building Regulations compliant.
- Standard modular product fitted out for bespoke purpose and to variety of sizes.
- Design and layout in bay/units/increments suitable for this form of construction, but to a layout determined by the required function.
- Constructed off site, delivered to and erected on site.
- Demountable to allow redeployment / ease of removal.
- Deployed on a site in the medium term, whilst the site for a permanent building is acquired and the permanent building is constructed.
- Purchased and/or hired.

It is the intention that the Provider will offer a building layout being designed to meet the relevant Client's brief and any related statutory requirements or recognised good practice standards, and for education purpose which complies with current and future education standards and requirements.

Typically units in this sector would be deployed in the following circumstances:

- Emergency work — e.g. to provide temporary accommodation after a flood.
- To provide decanting accommodation whilst major works take place.
- Provision of accommodation for schools to deal with short and longer term population increases — often as an interim measure pending extension of a school.
- The Modular buildings would then be removed on completion of the other works.

Typical buildings in this Lot might be:

- Science Laboratories for schools.
- Nursery Schools — which may include kitchens, serveries, rest rooms, areas which can be divided by acoustic screens.
- Whole schools including teaching accommodation, a hall, servery, kitchen, administration, staff rooms and offices.
- Community Centres — offering a range of accommodation.

- Studios — e.g. Dance studio's for schools.
- Offices.
- Temporary residential accommodation.
- Waiting rooms.

Estimated value excluding VAT:

Range: between 100 000 and 50 000 000 GBP

4) **Indication about different date for duration of contract or starting/completion**

5) **Additional information about lots**

Suppliers may apply for all lots or 1 single lot.

Lot 2 will be allocated a maximum of 8 suppliers.

Lot No: 3

Lot title: Buildings of modular construction: Permanent; Value band 100 000 GBP to 3 000 000 GBP

1) **Short description**

Mandatory requirements

The buildings in this lot are intended to provide permanent construction solutions, and may include schools, offices, basic medical facilities, college buildings, community facilities etc.

Design, manufacture and install on site permanent buildings of modular construction, inclusive of foundations, external works, services connections, external finishes, typically this may include cladding, brickwork, render or curtain walling or other similar to more 'traditional' forms of construction, built to current Building Regulations with Type Approval. Obtain planning approval where required.

The only option required is Purchase.

The geographical coverage for Lot 3 is to include the whole of South East England (including the Isle of Wight), South West England, and London.

Suppliers must be able to provide all the requirements as described above.

2) **Common procurement vocabulary (CPV)**

44211100

3) **Quantity or scope**

In this lot, the building(s) to be provided as part of the Works will typically be:

— Bespoke buildings of Modular Construction to be constructed as a Permanent structure with a design life of in excess of 60 years.

— Design, external and internal finishes and appearance to be appropriate to their role and location and to suit Client's design requirements out of a combination of modular units.

— External appearances and finishes should be appropriate for a permanent building and typically this may be cladding, brick slips, brickwork, render, or curtain walling and others similar to more 'Traditional' forms of construction.

— This could be for any type of building ranging from 4, 6 or 8 classroom school extensions, a small store to a multi-storey accommodation block.

— Purchased.

It is the intention that the Provider will offer a building layout out of a combination of modular units and designed to meet the relevant Client's brief and any related statutory requirements or recognised good practice standards, and for education purpose which complies with current and future education standards and requirements. Fitting out, dimensions, design and layouts will be broad ranging and dictated by funding resources and the intended function of the building.

The scope would be with full design and construction of the building and site from scratch or from a 'concept design' provided by the client.

Estimated value excluding VAT:

Range: between 100 000 and 150 000 000 GBP

4) **Indication about different date for duration of contract or starting/completion**

5) **Additional information about lots**
