Plate to draw around

How to make your angel:

1. Begin by drawing around the plate onto the sheet of card. Cut the circle out with scissors. Then cut the circle in half to create a semi-circle.
2. Bend the card into a cone and secure with sticky tape.
3. Draw around the plate again onto the sheet of craft foam. Cut the circle out.
4. Staple one edge of the foam circle to the cone as shown in the diagram. Repeat on the other side of the cone so the foam folds over the top of the cone.

5. Next, staple point A to point B as shown.

6. Glue a pom-pom to the top of the cone. Draw a face onto card and cut out. Glue the face onto the pom-pom.
7. Cut out some wings from punchinella. Glue or staple the wings to the back of your angel.
8. Decorate your angel with sequins.
9. Place the angel on top of the Christmas tree!
