

You will need:

Pom-pom Making Kit (cat no. 209110)

Wiggle Eyes
(cat nos. 209997 or 209098)

Sequins
(cat nos. 209704, 209705 or 209806)

Glue (try cat no. 701311)

How to make your jellyfish:

1. Begin by making a pom-pom. Take the pom-pom making kit and choose one or a selection of 'jellyfish' colours (we chose blue, lilac and white). Select any size of pom-pom and wind the yarn (if you're using more than 1 colour, wind them all at once) onto the cardboard rings until you can wind no more. Cut off the unused yarn.
2. Using sharp scissors, cut around the edge of the pom-pom between the cardboard circles. Take another length of yarn and tie the pom-pom tightly between the cardboard circles. This will hold it together. Tie the excess yarn in a loop so you can hang your jellyfish up.
3. Next, cut 8 or more lengths of yarn, about 40cm long for a medium-sized pom-pom. Tie these between the card circles as well. You should be left with a pom-pom with lots of long strings sticking out.
4. Trim the ends of the long strings so that they are all roughly the same length.
5. Cut away and discard the card circles. Fluff the pom-pom out and trim off any sticking out bits of yarn with scissors.
6. Glue wiggle eyes onto your jellyfish.
7. Finish your jellyfish off by gluing a few sequins to the pom-pom.
8. Hang your jellyfish somewhere it can catch the light.

For further advice on completing this project please contact Helen White in the Marketing and Information Team on helen.white@hants.gov.uk
