**Note:**

This version of the booklet has been produced for audiences external to Hampshire County Council.

The difference between internal and external versions is where small numbers are concerned. To prevent the identification of individuals, wherever a cohort contains 5 or fewer pupils the cohort size is shown simply as <5, and the corresponding percentage of total is blanked out. In instances where there is only one ethnic group with fewer than 5 people, the exact number in the next smallest group is also hidden. Wherever showing cohort size as <5 is not sufficient to protect identities, small cohort sizes show as <10.
