As part of 'Connecting Communities to Excellence' Arts and Museums Service Strategic Plan 2012-15 several areas were identified in support of developing flagship cultural experience in Hampshire. The focus of this development includes both Hampshire County Council owned/managed sites and the independent arts and museums sector with an emphasis on either venue and/or art form development.

There were three key art forms identified within the strategy. It outlined an ambition to support the development of new models and ways of working through partnership and collaboration with organisations delivering in Hampshire, particularly focusing on Theatre, Dance and Music. Out of this work the ambition is that this will lead to future collaboration and joined up delivery. The mechanism for this investment is through the grants process, either within the Culture and Recreation Investment Fund, Organisational Change Fund or as a strategically commissioned grant.

Music – New Dimensions

A brief to develop new models of engaging people with music has recent been through a tender process and The Anvil and Turner Sims were selected as the preferred tender to develop a proposal for delivery from Jan 2013 – March 2015.

A budget for this work is outlined above.

Theatre - IMPULSE

A new model to support theatre practitioners and encourage collaborative working across the producing theatre sector in Hampshire has begun between Forest Forge Theatre Company, The Nuffield Theatre Company and Proteus Theatre Company. They have proposed a new project IMPULSE and funding has been recommended to support this from the Culture and Recreation Investment Fund.

Dance

Hampshire County Council has begun to review its strategy for investing in dance and, as recommended, Hampshire Dance and The Point are developing their partnership working and ideas for collaboration with other organisations. Due to implementation of Phase 2 within the Arts and Museums Service work on developing a new model for dance excellence has been slightly delayed and will continue into 2013/14 when a new model for dance excellence in Hampshire will be developed.

Management Agreement – Making Space

Background

The Leigh Park Crafts Initiative was a project led by Hampshire County Council and funded by Havant Borough Council, Arts Council England, SRB5 (SEEDA) and the Leigh Park Crafts Initiative Trust Ltd (locally known as 'Making Space', a charity set up in 2002 to develop a crafts outreach programme to create opportunities for participation and build the audience for the building on completion). The building was completed in March 2007 and was opened to the public by Princess Anne in May 2007.

The Legal Framework

The building is owned by Hampshire County Council and the land is on a long-term 125 year lease from Havant Borough Council to Hampshire County Council (lease commenced 27 March 2007). The permitted use for the building under the terms of this lease is for community craft and craft teaching including start-up space for craft makers.

The building and delivery programme was contracted by Management Agreement to Making Space on 27 March 2007 for a five year term and a second Management Agreement was issued in early 2012 for a further five year term. The contract was budgeted with year on year reductions in line with grant reductions. The fees for the following two years are as follows:

2013/14	£34,700
2014/15	£34,000

Funding for this contract is identified separately within the Arts and Museums Service budget.

Hampshire Countryside Access Forum

Background

The Small Grants Scheme Countryside Access was established in 2005 following a request from the Hampshire Countryside Access Forum and strong feedback on the idea from the one hundred Parish Councils in attendance at the 'Managing paths in your parish' event hosted by the Forum. The Scheme offers Parish Councils, landowners and other organisations (e.g. volunteer or community groups) advice and up to 50% funding for projects to make practical improvements to countryside access (e.g. path resurfacing, changing stiles to gates, boardwalks, bridges) and projects to promote countryside access (e.g. mapboards, leaflets).

All projects must secure match funding, which can come from any non-Hampshire County Council source (e.g. Parish Council funds, landfill tax). This may include in-kind contributions (e.g. volunteer time). For projects in the New Forest National Park, the National Park Authority contributes up to 25% of the total project cost.

Applications are assessed by an independent Panel comprised of members of the Hampshire Countryside Access Forum and the New Forest Access Forum (the statutory Local Access Forums for the area). The purpose of the Panel is to:

- Provide independent advice to Hampshire County Council (HCC) and the New Forest National Park Authority (NPA) on each application for funding
- Advise on the development of the Scheme and on other work with Parish Councils
- Promote the Scheme via members' networks and contacts
