"Just wanted to say a huge thank you to you for arranging the company visit yesterday and to pass on our thanks to them. It was one of the best visits I have attended, not just because of the venue and the service it provides but because of the absolute professionalism with which the visit was planned and executed. Every single member of staff we came into contact with reflected extremely well on the organisation. I felt privileged to be treated to such a great visit in such a professional manner."

HAMPSHIRE  
AMBASSADORS

## HAMPSHIRE AMBASSADORS

The Hampshire Ambassadors scheme is run by Hampshire County Council and aims to stimulate investment and encourage business development in the county.

There are over 1,200 Hampshire Ambassadors, who during the course of their business and private lives promote business and support the economy of Hampshire.

Every month a group of Ambassadors visit leading-edge companies in Hampshire. The aim of these visits is to encourage other Hampshire firms to strive for business excellence, develop their own best practice procedures, and thereby improve competitiveness.

“We were so impressed at the venue, the organisation, the calibre of people and how positive they were about their place of work and all the challenges they face. Made you proud to be a Hampshire Ambassador!”

## WHAT DOES BEING AN AMBASSADOR INVOLVE?

There are no onerous duties or fees to pay but as a Hampshire Ambassador, all we ask you to do is to promote Hampshire at every opportunity – by showing pride in the county, by using Hampshire suppliers wherever possible, by distributing information about Hampshire or by recruiting friends and colleagues as Ambassadors.

How you can encourage economic growth for Hampshire:

- Use local suppliers and local produce
- Promote Hampshire for tourism and conferences
- Promote Hampshire's many business sites and commercial development areas
- Sell the benefits of living and working in the county
- Distribute tourism and economic development information about Hampshire
- Invite Ambassadors to return and learn about your business

“It is a well known fact that business is built on relationships; by building relationships with successful people, one can hope to in turn have success in one's own business – The Hampshire Ambassadors network helps me to achieve this!”
