

Hampshire County Council Over 60s Gardening Support Service

- Are you over 60?
- Do you need help with managing your garden?
- Do you live within one of the council areas listed overleaf?

If the answer to these questions is 'yes', then the new over 60s gardening support service from Hampshire County Council and Shaw Trust could help.

Shaw Trust's fully qualified and experienced team, who are assisted by volunteers, provide a professional gardening support service. Shaw Trust has over 20 years' experience of delivering horticultural services and all staff and volunteers are checked by the Criminal Records Bureau.

Hampshire County Council has commissioned this service to enable residents over the age of 60 to manage their gardens, as consultation has identified this as a key factor in assisting people to stay in their own homes.

If you receive a means-tested benefit, the basic service is available at a reduced rate. It is also available to those who do not receive a benefit, at the standard rate.

The service is available whether you rent or own your home and covers the following local council areas:

- **Basingstoke and Deane** • **East Hampshire** • **Fareham**
- **Gosport** • **Hart** • **Havant** • **New Forest** • **Rushmoor**
- **Winchester.**

In addition, Shaw Trust also provides a comprehensive range of domestic gardening services at competitive rates throughout Hampshire and the surrounding areas.

For further information, including prices and details of how the service operates, please contact:
