Transport services available

Travelling by bus

Buses in Havant are operated by several companies. Some are under contract to Hampshire County Council. Contracted services are usually those in the more rural areas, or in towns on evenings and at weekends.

Drivers are not normally allowed to leave their seats to assist passengers. However, you can ask the driver not to pull away until you are seated if this would help you.

Don't forget that concessionary fares are available for older and disabled people to use on the buses. See page 35 for further information.

You may like to use Traveline to plan your journey. Traveline is a public transport information service for all public holiday journeys, including national rail, coach and local bus. To use the service, visit the website www.traveline.info or ring 0871 200 22 33. Calls from landlines cost 10p per minute.

You can find details of bus routes and frequencies in Hampshire County Council's 'Bus and Train Travel Guides' see page 46 for further information. Alternatively, you can get timetable information from the bus companies operating in Havant detailed below.

Travelling by train

If you are a wheelchair user or need assistance, you should plan and book your rail journey at least 24 hours in advance. When you book, you will need to provide the following information:

- train departure date and time
- destination and any station where you need to change trains
- class of travel (standard or first class)
- whether you want a seat near the window or corridor
- the nature of your disability
- how you will travel to and from stations

And most importantly;

- what assistance or equipment (such as ramps) you need
- which station you are getting off at.

Assistance can be provided at most stations, and staff can arrange for you to sit near the door so that you will not have far to get to the toilet or when you leave the train.

You can book journeys from stations in Havant through the South West Trains Assisted Travel Line, or by telephoning your local train operator (call National Rail Enquiries for the number). You can also get train times and ticket prices from South West Trains website. You can book tickets by credit or debit cards but need to allow several days for the tickets to be sent out by post.

Tickets can be purchased in person at staffed train stations. At times when stations are unstaffed, you must buy a ticket on the train at the earliest opportunity.

Railcards and concessionary fares

A range of concessions and railcards are available to older, disabled and partially-sighted people – see page 36 for further information.

A “National Rail Map for People with Reduced Mobility” has been produced, which helps you find out how easy or difficult it might be to use a particular station. Copies are available at some rail stations.

Alternatively, you can download the Map from:

http://www.nationalrail.co.uk/passenger_services/disabled_passengers/accessibility_maps.htm

Scooter Users

For scooter users to use their scooter on South West Trains, the scooter must meet certain standards of manoeuvrability, size and stability. Therefore South West Trains require scooter users to send in details of their scooter so they can be assessed. A permit to travel, known as a Scooter Card, can be issued. For safety reasons, only passengers who hold a Scooter Card will be allowed to bring their scooter onto South West Trains services. If you would like to apply for a Scooter Card, please contact the South West Trains Assisted Travel Line (number above).

National Express operate longer-distance coach journeys throughout the country. They are happy to assist anyone with a mobility problem, but at present their coaches are not all wheelchair accessible and there are often steep, high steps to negotiate. However, since January 2005, all new coaches that have been introduced are fully accessible to wheelchairs. If you use a manual wheelchair and can transfer to a seat, your wheelchair will be carried free of charge. Some small mobility scooters and powered wheelchairs can be carried subject to suitability, customers will be advised of suitability at the time of booking. Customers wishing to travel in their wheelchair should call the Disabled Persons' Travel Helpline to ensure that the driver is fully aware of when you are travelling.

Guide dogs and hearing dogs are carried free of charge on all coach services.

If you require assistance with your journey you should inform them at least 24 hours before you intend to travel, via the help-line, explaining your needs clearly to the operator.

National Express offer a 'routesixty' discount coach card. It is a free card available to anyone over 60 and gives you half-price travel on most National Express coach services. Concessionary fares are also available for those people registered disabled. For further information contact National Express.

National Express is introducing a new generation of coaches onto the UK network that feature a wheelchair lift incorporated into the passenger entrance. A programme of routes is currently being planned to roll-out the accessible coaches across the whole network, with the whole network being fully accessible by 2012.

Travelling by plane

Plane journeys need careful planning as you need to know that the whole journey is accessible before you set out.

Most airports are fully accessible, but planes generally have small, awkward toilets and wheelchair users may need to transfer to a seat. Therefore, it is essential that you inform the travel agent or airline of your disability and any special needs when booking your ticket, so that appropriate arrangements can be made.

You may be asked to complete Part One of an 'Incapacitated Passengers Handling Advice (INCAD) form, which details the assistance you will need at the airport, on the plane, and in a case of an emergency. This form is available from your airline or from some travel agents.

If you have a medical condition or illness, rather than a disability, you may need to fill in a Standard Medical Form (MEDIF) available from the airline. Your doctor may be asked to fill in Part Two of this form if the airline requires medical clearance.

Frequent travellers can apply for a 'Frequent Traveller's Medical Card' (FREMEC). This is available from most airlines and provides a permanent record of your specific needs, which saves you filling in a form each time you travel by air. Before you travel with a different airline from the one that issued your FREMEC Card, you should check that they will accept it.

Further information on planning your journey by air is available in 'Access to air travel: guidance for disabled and less mobile passengers' – available through the Disabled Person's Transport Advisory Committee (DPTAC). See page 42 for details.

Travelling by ferry

Cross-Channel and Isle of Wight ferries

Vehicle and passenger ferries depart from Portsmouth for destinations in northern Europe, and from Southampton, Portsmouth and Lymington to the Isle of Wight. Most ferry operators can offer assistance, provided you contact them well in advance, and inform them of any special needs when booking your journey. Most operators also require you to arrive early, especially if you use a wheelchair, so that staff can help you onto the ferry before the car deck is full.

If you are travelling by car, the loading officer can arrange to have your car placed next to a lift, but again, you must arrive in plenty of time. You will not normally have to leave your car before boarding the ferry if you have booked in advance, but you may be asked to leave the vehicle for a customs search when you disembark. It helps if your car can be easily identified; for example, by displaying a Blue Badge.

If you are travelling on foot, check the boarding arrangements, as you will normally have to board the ferry by a gangway or flight of steps. If this causes a problem, you should ask to use the vehicle ramp and then the lift, if there is one. Wheelchair passengers without a car can also board the ferry via the vehicle ramp.

Details of individual ferry operators are listed below.

London Congestion Charging

The £8 charge applies to vehicles travelling inside the designated area (not on the boundary) between the hours of 7am to 6pm Monday to Friday (excluding public holidays). This entitles the driver to enter and leave the zone as many times as they like on that day.

Groups which are exempt include taxis, emergency services, buses, alternative fuel vehicles, residents and community buses.

Vehicles used by disabled people and disabled passenger carrying vehicles, which are exempt from Vehicle Excise Duty (road tax), do not need to register with Transport for London as they are automatically exempt from the charge.

Blue badge holders are eligible for 100% discount from the charge for a maximum of two vehicles per day, if this vehicle is driven by them or someone transporting them. See the next page for contact details.

To apply for this discount they will need to register with Transport for London, which costs £10 to cover administration.

Car parking with the Blue Badge

The Blue Badge Scheme provides a national arrangement of parking concessions for people with severe walking difficulties who travel as drivers or passengers. The Scheme also applies to registered blind people and people with severe upper limb disabilities who regularly drive a vehicle but cannot turn a steering wheel by hand. It allows blue badge holders to park close to their destination, but the national concessions apply only to on-street parking.

For details of the Blue Badge scheme, please contact:

The Blue Badge Unit, Hampshire County Council,
Queen Elizabeth II Court, The Castle, Winchester SO23 8UH

Telephone: 0845 603 5633

Most public car parks offer free parking and reserved spaces for the disabled. All car parks managed by Hampshire County Council have parking bays for the disabled, but having this badge does not guarantee free parking. For a specific location, contact Hampshire County Council on **0845 603 5633**.

The Older Driver Skills Scheme - an on-road driving appraisal

Older motorists have a wealth of experience, confidence and tolerance. However, sight, hearing, reaction time and judgement of speed and distance will not be as sharp as it once was. Fragility increases with age, so injuries tend to be more serious and recovery takes much longer. With road and traffic conditions having changed so drastically it is sensible for all drivers to update their skills – even experienced drivers slip into ‘bad habits’.

In its Road Safety Strategy, the Government said of older drivers: ‘Our aim is to find ways of helping older people to drive safely for as long as they are fit to do so, rather than taking measures to prevent them from driving at all’. This perfectly reflects the aims of our Older Driver Appraisal.

It is not a test but an appraisal of general driving, which can be adapted to investigate a particular concern, help people return to driving, gain confidence or adapt to a new vehicle. Specially trained driving instructors deliver the appraisals from the person's home, using their own car. Each person receives a full de-brief and a (confidential) written report detailing the findings of the assessment and the advice offered. The appraisal costs just £25 and takes around one-and-a-half hours.

Help With Transport to Hospital

Several organisations in your area can provide transport for hospital appointments or visiting or both. These services are much in demand and it is important to use them correctly. The following guidelines will help you to identify the most appropriate service to use:

- Could the journey be made by some form of public transport (taxi, train, bus), or with help from a relative or friend?
- If you cannot use public transport, then try contacting one of the voluntary organisations listed inside this guide – see pages 29-32. Some of these organisations may only provide transport for hospital visiting.
- If you are in receipt of certain benefits, you may be entitled to a refund of your transport costs under the Hospital Travel Cost Scheme (not available for visitors). Please enquire at the hospital's transport desk or cashier's office when you first attend. See also page 39 for information on NHS hospital travel costs.
- You may be entitled to free NHS patient transport services, if you meet certain eligibility criteria. You will need to be assessed by your doctor, or a qualified medical practitioner who will advise you.

Plan your route to Hospital

The NHS in England website offers a “plan your route” facility which links to the Transport Direct website.

From the homepage (www.nhs.uk) click on the hospitals link on the left handside. Once you have found your local hospital, enter your postcode in the “plan your route” box on the right hand side of the web page.

This will open up a new window giving various journey options from your chosen location to the hospital.

Adult Services and Children’s Services Transport (formally Social Services)

Adult Services and Children’s Service (formerly Social Services) provide transport that meets the needs of their own clients. If you are receiving help from either Adult or Children’s Services, then your social worker will be able to advise you on any transport that could be provided or arranged for you.
