

Take part in our survey about independence and choice

This is an EasyRead version of
“Independence and Choice Policy Consultation”

Who we are

We are the Adult Services
Department of Hampshire County
Council.

What this paper is about

This paper is about a survey we are
doing. The survey is about our
independence and choice policy.

What our policy is for

We want to help people to be independent. We want people to be in control and able to make choices about how they get social care.

We also want to make sure people are safe.

What our policy is

Our policy is about making sure people are in control of their support and their own lives.

We will use this policy whenever people are making choices about their support.

Our policy is based on advice from the Department of Health.

Our policy talks about the ways we can help by supporting people and their carers to making choices.

It shows people who work for us how to make sure they can help people who use our services.

Who will use our policy?

Everyone who works for us giving support and care to people.

Why we are doing the survey

We want to know how you think our policy should work.

We want to know what you need and want.

Who can take part

You can take part if you are a person, a group or are an organisation.

How you can take part

You can take part by:
