FAO Kristina King

Dear Kristina

I confirm that Rowlands Castle Parish Council does not have any objection to this temporary access subject to the highways department raising no concerns including as to safety.

I would also make it clear that whilst this site is within the protected Havant Gap, the Parish Council, when making this decision, considered that the safety of the children attending the school was of paramount importance during the ongoing building works.

Claire Locke  
Administrative Assistant  
Rowlands Castle Parish Council
