

CHARGES FOR SERVICES SAS 10R

The Financial Contribution from the person you represent

We understand that you are representing

The person you represent may need to pay towards their care at home services. For more information, please see the booklet **Paying for Care at Home**.

The Financial Assessment

To decide whether any payment needs to be made, Adult Services carries out a financial assessment. This will be done by a member of our Financial Assessments and Benefits (FAB) team. They will use our Statement of Financial Circumstances form (SAS10). You should have a copy of this before the meeting.

Any amount is based on financial circumstances at the time of the assessment. Any payment would normally start the Monday after the visit, or once you have been told of the weekly amount that needs to be paid.

Deciding not to have a financial assessment

People do not have to have an assessment, however, they will have to pay the current hourly rate for the care they get.
